

Next Generation Universal Rapid Toaster Model 340-URTG2L

The Prince Castle LON ready Next Generation Toaster has undergone multiple enhancements. These enhancements coupled with the toaster's original features which you have come to know will achieve the next level of "Gold Standard" toast quality.

The 340-URTG2L is boasting an impressive list of enhanced features that are designed to improve performance and reliability.

Toaster Upgrades:

- Upgraded design to be LON ready, allowing for electronic communication
- Improved toast cycle start switch and added gasket to seal out liquid or debris
- Changes the holes on the compression brackets to slots for improved operational movement
- Improved motor encoder board to ensure reliability
- Unit has been raised 1" allowing buns to slide further towards the front
- Upgraded solenoid design improves gate actuation and eliminates gate damage during the cleaning process
- Gate design is more robust preventing bending of gates:
 - Sturdier gate support rod with 57% more material
 - Thicker end bracket for increased strength

Product Features

- Toast all bread products in one toaster
- Breakfast products and buns can be toasted in same toaster at the same time
- Replaces all other breakfast and bun toasters
- Club section of Big Mac is toasted on both sides
- Can toast any combination of buns at the same time
- Simplifies operations because toaster is not moved during transition
- Fewer toasters to maintain and store
- Superior toasting quality of all products:
 - Buns have better caramelization and higher internal temperatures
 - Bagels and muffins are toasted more consistently from batch to batch
 - Toast deeper into the muffin crumb
- Lower cost of ownership and installation
- Toaster has built-in redundancy. Since the toaster's design consists of two independent units: One unit can be turned off during lower volume times or removed for maintenance without impacting operations. Can toast buns and breakfast product simultaneously.
- Able to handle very high volume periods
- Simpler toaster design enhances reliability-less moving parts
- Easier to clean and maintain:
 - Simpler daily maintenance
 - Less frequent tune-ups
- Two year parts and labor warranty
