

Features

Ultra-Wide 12" Color Touch Display

A large vibrant display includes a bigger keyboard for faster input and speed-of-service

Temperature Controlled Heated Shelves

Six heated shelves — up to 18 slots — with programmable temperature controls

Quick Select Languages

Toggle among languages on your dashboard with our quick select button

Crew-Proof User Operation

The intuitive software makes it easy for crew members to change dayparts, add menu items, and switch languages

Automatic Energy Savings

Increased insulation and an automatic Eco-Mode result in industry leading energy usage — saving you hundreds of dollars each year

Menu Builder

Easily create and save menus to copy from one unit to the next via USB port

Audiovisual “Cook More” Alerts

Large notifications and audible tones — ensuring crew take notice of when it is time to prepare more food

On-Screen Training Videos

Complete video library featuring helpful crew videos for operations — additional videos can also be uploaded

Self-Guided Crew Cleaning

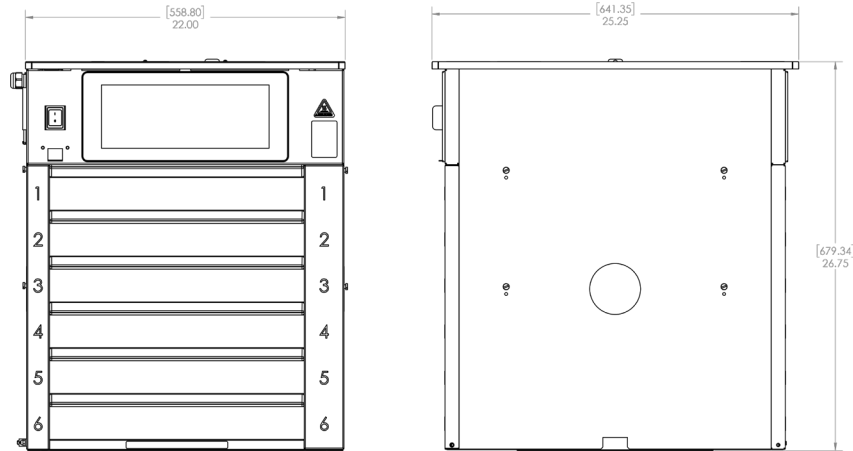

Help crew take the guesswork out of cleaning with a self-guided cleaning process featuring step-by-step videos

All-Day Menu Variety

With varied menus and LTOs, unlimited dayparts, and menu items providing maximum flexibility

Reduce Total Cost of Ownership

Detailed error reporting, automatic Eco-Mode, and a bezel-free timer bar maximize uptime, minimize service calls, and improve energy efficiency
